

Please Note: that only 2 adults are allowed to stay with the party to help chaperone the event. *If you have parents (or other adults/family members) staying at the facility instead of dropping off their child to attend, they will need to pay as a guest/attendee.* **THIS INCLUDES Y MEMBERS**

For liability purposes, we require **ALL PARENTS** to **check in at the front desk** with their children to ensure everyone is accounted for while they are in the building.

Just for clarification, our safety/fire maximum occupancy is for 24 people, for liability purposes we are not able to go over that maximum amount. The maximum headcount for party rentals is for both the party room and the pool/tumbling area.

Due to liability reasons no one can be in the party room unattended.
